I/We certify that I am/We are the legal owner(s) of the property described and that the tenant has permission to allow a Program Participating Contractor to install the energy-efficient equipment referenced by this application. I/We hereby waive any claim to the rebates with respect to the energy-efficient equipment installed on the above-referenced premises in conjunction with this application. If only one of the owner's agent signs, attach a copy of the document authorizing that person to sign on behalf of all owners.

Print Name: _____ Signature: _____ Date: _____

Print Name: _____ Signature: _____ Date: _____

Hawai'i Energy Terms and Conditions

1) Rebates:

Subject to these Terms and Conditions, Hawai'i Energy ("the Program") will pay rebates for qualifying whole house fan and attic fan applications.

2) Eligibility:

- a) An "Applicant" is a residential scheduled account holder of an electric utility on the islands of Hawai'i, Lāna'i, Maui, Moloka'i or O'ahu who contributes to the Public Benefit Fund where the electricity-saving energy efficiency measure has been installed. Rebates are awarded only to an eligible Account Holder. The Account Holder can reassign the rebate payment to another Payee designated in the "Alternative Payee" section. Applicants are ultimately responsible for compliance with these Terms and Conditions.
- b) "Qualifying Fans" are those electricity-saving items that are identified in the Program applications and associated materials. All equipment must be new, meet Program specification requirements and be fully operable prior to rebate payment.
- c) Incomplete applications or applications with missing supporting documents will be returned unprocessed.
- d) Rebate application must be received within sixty (60) days of purchase date, unless otherwise specified in the application itself.
- e) Applications for newly constructed homes with appliances or fan installed by the builder do not qualify.
- f) Fans must be installed and operational to receive rebate.

3) Installation Verification and Data Collection:

- a) The Program may conduct an inspection to verify pre-installation conditions or confirm installation prior to rebate payment, at any time after receipt of applications and up to up to five (5) years after payment of rebates.
- b) The Applicant must provide reasonable access to the facility, the equipment and related documentation and data.
- c) The Program may install metering devices on equipment for Program data collection, measurement and verification purposes.

4) Compliance:

The Applicant is responsible for abiding with all applicable laws, rules, and regulations and for complying with all federal, state and local codes. Rebate Program participants receiving \$600 or more in combined rebates will be issued an IRS Form 1099 unless exemptions apply. Social Security numbers may be requested at a later date and are held in confidence under terms of the Privacy Act.

5) Program Availability:

Payment of rebates is not guaranteed and is subject to the availability of funds.

6) Publicity:

Applicant gives Hawai'i Energy and its administrator Leidos, Inc. permission to use Applicant's name, likeness, image, voice, and/or appearance, as such may be embodied in any pictures, photos, video recordings, audiotapes, digital images, and the like, taken or made on behalf of Hawai'i Energy activities. I agree that the Hawai'i Energy program and Leidos, Inc. have complete ownership of such pictures, etc., including the entire copyright, and may use them for any purpose consistent with the Hawai'i Energy program's mission. These uses include, but are not limited to illustrations, bulletins, exhibitions, videotapes, reprints, reproductions, publications, advertisements, and any promotional or educational materials in any medium now known or later developed, including the Internet. Applicant acknowledges that they will not receive any compensation, etc. for the use of such pictures, etc., and hereby release the Hawai'i Energy program and Leidos, Inc. and its agents and assigns from any and all claims which arise out of or are in any way connected with such use.

7) Disclaimers:

- a) The Program is not responsible for any tax liability imposed on the Applicant as a result of the payment of rebates.
- b) The Program does not expressly or implicitly warrant the performance of installed equipment, the quality of any contractor's work, or that the equipment will result in any energy or cost savings. Any questions and/or issues regarding the system and any warranty should be addressed with the manufacturer. Any questions and/or issues regarding the installation of the equipment should be addressed with the contractor.
- c) The Program is not responsible for the proper disposal or recycling of any waste generated as a result of this project.
- d) The Program does not endorse any particular market provider, manufacturer, product, labor or system design by offering these rebates.
- e) The Program does not guarantee that funding will be available for payment of rebates until this application is approved. Submission of the application does not warrant payment under any circumstances should the application not be approved or funding is unavailable.

8) Indemnification and Limits of Liability:

- a) Applicant agrees to indemnify, hold harmless and defend the Program and the Program's administrators, overseeing entities, successors, licensees, assigns, agents, contractors, employees, officers and directors (collectively, "Indemnified Parties") from any and all liability, claims, losses, damages, deaths or injuries including reasonable attorneys' fees and costs, whether in law or equity, now known or unknown, from now until the end of time, which the Applicant, his/her heirs, representatives, executors, administrators or any other persons acting on the Applicant's behalf or behalf of the Applicant's estate have or may have reason of, arising out of or relating to the installation, use and maintenance of the equipment, designs, practices or methods involved in this Applicant's project.
- b) In no event shall either the Program or any other indemnified party be liable for any punitive, exemplary, special, indirect, incidental or consequential damages (including, but not limited to, lost profits, lost business opportunities, loss of use or equipment down time, and loss of or corruption to data) arising out of or relating to this Agreement, regardless of the legal theory under which such damages are sought.

9) Entire Agreement:

The entire agreement between the Applicant and the Program is composed of an approved, fully-executed application, these Terms and Conditions and, as applicable, pre-installation approval letters, invoices, receipts and any and all such other documentation as required.
